

A MEETING DESIGNED FOR THE
CONTEMPORARY HEART TEAM

2016

HEART TEAM **MAM 2016** MULTIDISCIPLINARY ARRHYTHMIA MEETING

SEPTEMBER 15 – 16, 2016
ZURICH, SWITZERLAND

WORKSHOP GUIDE

WWW.HEART-TEAM.ORG

UniversityHospital
Zurich

Workshop A: AF-Ablation EP approach

Date: 15 September 2016

Begin: First session 10:00 (1 hour), Second session 11:30 (1 hour)

Room: ETZ E8

Local Faculty: A. Breitenstein, L. Haegeli, A. Saguner, J. Steffel

International Faculty: M. Namdar, S. Reek, C. Tondo

Target

- Surgeons
- EP cardiologists
- Clinicians

Objective

- Mapping and Ablation
- Lesion Validation
- PVI: exit vs entrance block , Validating connecting lines

Topics	Duration	Trainer
Introduction and general principles in Mapping	5 min	J. Steffel
Introduction Session:	15 min	C. Tondo
• Biosense Webster (3 slides) CARTO® 3 ablation & pressure control		
• St. Jude (3 Slides) NavX/EnSite™ navigation & visualization		
• Medtronic (3 Slides) Cryoballon cryo ablation		
• Boston (3 Slides) RHYTHMIA™ mapping and catheter		
Demonstration Session:		
Carto 3® – hands-on	10 min	L. Haegeli Fraser
NavX/EnSite™ – hands-on	10 min	S. Reek
Cryoballon – hands-on	10 min	A. Breitenstein A. Saguner

Workshop B: AF-Ablation Surgical approach

Date: 15 September 2016

Begin: First session 10:00 (1 hour), Second session 11:30 (1 hour)

Room: ETZ E7

Local Faculty: S. Benussi, M. Taramasso, A. Weber

International Faculty: M. Castella, S. Gaynor, M. la Meir, A. Pozzoli,
O. Reuthebuch, T. Weimar

Target

- Surgeons
- EP cardiologists
- Clinicians

Objective

- Endocardial and Epicardial Ablation Platforms

Topics	Duration	Trainer
Introduction and general principles in atrial fibrillation	5 min	M. Taramasso
Epicardial ablation techniques. Technical options for expanded lesion	15 min	M. la Meir A. Pozzoli
Introduction Session:		
• AtriCure Ablation System (3 slides) radiofrequency and cryo energy	5 min	T. Weimar
• Medtronic (3 slides) Cardioblate® solutions Delivering irrigated RF energy	5 min	A. Weber
Demonstration Session:		
• AtriCure Ablation System – hands-on	15 min	M. Castella S. Gaynor
• Cardioblate® – hands-on	15 min	O. Reuthebuch

Workshop C: Hands-on mechanical exclusion of the LAA

Date: 15 September 2016

Begin: First session 10:00 (1 hour), Second session 11:30 (1 hour)

Room: ETZ E9

Local Faculty: M. Emmert, F. Nietlispach, A. Ouda, D. Reser

International Faculty: R. Lee, S. Salzberg

Target

- Surgeons
- EP cardiologists
- Clinicians

Objective

- Endpoints of successful LAA exclusion
- Specific features of the existing Systems
- Hands on training
- Understanding of the basic procedures and steps

Topics

Duration

Trainer

Introduction and general principles (what device in which patient, open or minimally invasive, systems on the market)	4 min	D. Reser
---	-------	----------

Introduction Session:

- | | | |
|---|-------|----------------|
| • AtriCure (3 slides) AtriClip left atrial appendage device | 4 min | M. Emmert |
| • St. Jude (3 slides) Amplatzer® | 4 min | F. Nietlispach |
| • Boston Scientific (3 slides) Watchman™ | 4 min | F. Nietlispach |
| • Introduction (3 slides) Lariat™ | 4 min | A. Ouda |

Demonstration Session:

- | | | |
|-------------------------|--------|----------------|
| • Atriclip – hands on | 10 min | S. Salzberg |
| • Amplatzer® – hands on | 10 min | F. Nietlispach |
| • Lariat™ – hands on | 10 min | R. Lee |
